# 1. Plakate (EPSO)

Fascination of  
Plants Day  
May 18<sup>th</sup> 2012

**Plant Science . Agriculture . Plant Breeding .  
Biodiversity . Nourishment and Nutrition .  
Plant Protection . Environmental Conservation .  
Renewable Resources .**

Plants are fascinating. From one little seed, planted into soil, so many different green lives can arise - from small herbs up to big trees, or from ornamental flowers to substantial crops which all animals and mankind need to survive on this planet. Plant biologists estimate the total number of plant species roughly to be about 250.000. (Text darf nicht zu lang werden.)

Under the umbrella of EPSO, the European Plant Science Organisation, the first Europe-wide "Fascination of Plants Day" is going to be launched. The ultimate goal of this campaign is to get as many people as possible in Europe and beyond fascinated by plants and enthused about the importance of plant science for agriculture, in sustainably producing food, as...
